

Eventia eventia Database

Your route to success!

Your opportunity to access up-to-date buyer information for over 4000 UK conference, meeting buyers and event organizers.

Who are we?

Eventia is recognised as the official trade body of the events and live marketing industry providing leadership and representation on important issues to Government, regulators and the corporate community.

As such, it has a large database of over 4,000 contacts from the events industry including companies that design, promote, host and manage events for employee, business and consumer audiences.

Why use our Data?

Eventia' database of over 4,000 qualified records gives you access to:

- high quality data
- at reasonable costs
- tailored to meet your requirements

Eventia data can be used for a variety of purposes

- to augment your database
- attract targeted visitors to your events
- inform buyers of your presence at key exhibitions
- mail new buyers your marketing collateral
- generate new business leads

Contact: **Brighter Business Solutions** for more information and a data purchase enquiry form
